

## MEET OUR STAFF!

### Kristy Butler – Owner / Client Care

Kristy started Home Care Assistance of Montgomery after witnessing the continued quality of life her grandmother is able to experience while being able to live in the comfort of her own home while going through the effects of Alzheimer's. This inspired Kristy to pursue the opportunity to help seniors age in the comfort of their own homes without compromising their quality of life.

Kristy and her husband, Bryan Butler have been married for 11 years and welcomed a new baby girl, Parker in March 2018. They have lived at Lake Martin for 11 years and are members of First Baptist Church in Dadeville.

Kristy graduated from Auburn University with a M.Ed of Physical Education and a B.S. in Health Promotion. As a former Health and Physical Education Teacher and Health and Fitness Specialist she has worked with individuals of all ages to improve and maintain their health and wellness. While working at a Hospital based wellness facility in Dadeville, she had the privilege of developing nutrition and fitness programs for seniors along with helping them perform the exercises. She is excited to bring her personal experiences and expertise to help change the way the world ages.

### Katie Barnes – Employee Care Manager

Born and raised in Auburn, Alabama, I attended Auburn University where I earned a Bachelor of Science in Human Development and Family Studies. After graduating, I worked in Atlanta for 9 years as a nanny/personal assistant and home manager. Through my experiences, I have realized what an honor it is to be invited into someone's home. To be entrusted with another's care and well-being is a true privilege and extremely rewarding. In such an intimate setting, there are certain professional as well as personal standards to uphold, and my goal with HCA Montgomery is to not only meet, but exceed those standards by providing our clients with only the best caregivers. In my free time, I enjoy spending time with family and friends, attending sporting events and listening to live music. I am excited to have the opportunity to build relationships in the community, and I look forward to working with you!

### Jade Walters-Nash – Employee Care Coordinator

Jade Walters-Nash knew for a long time she was drawn to working with seniors. Born in Fairfield, California moved to Alabama where she earned a Bachelor's Degree in Business Administration with a concentration in Health Care Administration from Oakwood University, and is currently working on her Master's degree in Health Care Administration. While interning for a home care agency Jade was so well suited to work with the senior population, the agency requested to keep her for another term. While on the education journey, Jade still had time to spend as a caregiver and an active community volunteer. She is an open-minded person who has strong problem-solving skills that help employees address challenges, find solutions and set goals. Not only does Jade naturally find her skills lend to employee care, but personally she has firsthand experience caring for family members who lived with dementia. In her free time she enjoys spending time with family and friends, cooking, and listening to music. Jade is thrilled to be apart of Home Care Assistance and looks forward to building long standing relationships.

# Our Mission

**Our mission at Home Care Assistance is to change the way the world ages.** We provide older adults with quality care that enables them to live happier, healthier lives at home. Our services are distinguished by the caliber of our caregivers, the responsiveness of our staff and our expertise in Live-In care. We embrace a positive, balanced approach to aging centered on the evolving needs of older adults.

**Daily Care Experts.** We specialize in around the clock care to help seniors live well at home.

**Available 24/7.** Care managers are on call for clients and their families, even during nights and weekends.

**High Caliber Caregivers.** We hire only 1 in 25 applicants and provide ongoing training and supervision.

**Balanced Care.** Our unique approach to care promotes healthy mind, body and spirit.

**Cognitive Therapeutics.** Our proprietary cognitive stimulation program addresses cognitive decline, building on our expertise in brain health.

**No Long Term Contracts.** Use our services only as long as you're 100% satisfied.

**A Trusted Partner.** We're honored to be Preferred Providers for professionals in both the medical and senior communities.

**Peace of Mind.** Independent industry surveys place our client satisfaction rate at 97%.
